Skills to practice at home:

- ⇒ Have your child practice coming up with two words that rhyme!
- ⇒ Making number bonds or part-part-whole pictures in math
- ⇒ Writing numbers correctly and facing the correct direction!
- ⇒ Discuss ways to be Safe, On Task, Always Respectful, and Responsible

Working on our astronaut faces for our hall display!

Creating with Play-Doh on the first day of school!

Daily Schedule Change

We have made some adjustments to our daily schedule which allows for our math instruction to not be separated into two parts. I am sending home a revised calendar in your child's Family Folder today!

Water Bottles

Students are welcome to bring a WATER BOTTLE from home to keep on their desks during the day. Please do not send any colored drinks or even flavored water, as they can stain the carpet and attract bugs when they are spilled!

School Uniform Information

We are so proud of all the students that have been wearing their uniforms! Research shows that students wearing school uniforms are better able to pay attention and achieve more in school. As a reminder, the FLE school uniform consists of khaki or navy shorts, pants, skirts, dresses or skorts, solid-colored shirts (and FLE NASA t-shirts. FLE shirts may be economically purchased through the school. If you are interested, please contact the school office or your child's teacher!
